The team further specializes in the range of Huawei Enterprise Cloud Computing products meaning Cloud Technologies and Solutions.

**Responsibilities:**

- Handling customer service requests from all Europe for our Cloud Computing products by providing customer support from the physical layer up to the application layer;
- Applies analytical skills and technical knowledge to solve product and network issues of moderate to high complexity;
- Effectively utilizes moderate to complex lab setups to recreate and solve problems; Acts as a technical expert and provides support on a world-wide basis Interacts across TAC teams and development teams at peer level.

**Requirements:**

- Fluency in English;
- Strong troubleshooting skills (able to analyze debug outputs and logs);
- Familiar with TCP/IP & OSI protocol stack;
- Familiar with SUSE Linux, CentOS, Windows;
- Good experience with one of the main popular virtualization or cloud solutions, VMware vSphere, Hyper-V, Citrix XenServer, AWS, Azure;
- Knowledge of network technologies and protocols (VLAN, STP, IP routing, VXLAN), be able to troubleshoot basic network issues;
- Hands-on experience with servers, storage devices would be an advantage;
- B2 or higher in German or French is an advantage;
- Able to determine problems and deliver known solutions with a high level of customer satisfaction;
- Knowledge of network monitoring applications and protocols (SNMP, NMS);
- Familiarity with other cloud products – AWS, Azure, Google cloud;
- Experience working with a ticketing system, escalations, respecting SLAs and OLAs;
- Experience working in a multicultural environment;

**Offer:**

- Motivational salary package and annual performance bonus;
- Gym discounts;
- Private Medical Insurance;
- Paid 4 hours leave per month;
- Flexible work schedule;
- Opportunity to work on shifts;
- Weekly fruitday;
- Opportunity to get certifications (HCNA, HCNP, HCIE) on Huawei products; Life time learning environment and tools;
- Hands-on experience and lab testing;
- Great amount of Product Documentation;
- Access to a unified Knowledge Base where you can find technical cases encountered by all our engineers around the world;
- Opportunity to contribute to the Knowledge base and be part of a growing Huawei Engineers community;
- Opportunity to go abroad on business trips to customer site and offer onsite support (after gaining some relevant working experience with Huawei products).

### RECRUITMENT DATA

1. Candidate Profile Data	
What <b>PERSONAL DATA</b> does Huawei <b>PROCESS</b> ?	Name, contact details, education history, qualifications and skills, work history, hobbies and personal interests.
What is the source of the Personal Data?	Directly from candidate  Recruitment supplier (headhunter or agency)  Publically available sources (such as recruitment portals etc.)
Is any of the Personal Data defined by the GDPR as <b>SPECIAL CATEGORY PERSONAL DATA</b> ?	n/a
Why does Huawei Process the Personal Data?	This Personal Data is Processed in order to assess the competency and suitability of candidates applying for employment with Huawei; to make decisions on whether or not to offer employment to any particular candidate; to decide the terms and conditions of any such offer; to record all decision making for internal management and reporting purposes and as evidence in case a legal claim is pursued by any candidate.
Which <b>LEGAL BASIS</b> does Huawei rely on to process the Personal Data?  If Huawei relies on legitimate interests as a lawful basis for processing the Personal Data, what is the legitimate interest pursued by Huawei or a third party?	Legitimate Interests – Huawei’s legitimate interest to identify candidates and ensure that the best suited candidate with the required skills, qualifications and experience is offered employment.
Who receives the Personal Data?	Huawei affiliates and recruitment suppliers.
Will the Personal Data be transferred to a country outside of the European Economic Area?	Yes. All Personal Data which is held on Huawei’s email system and other applications and platforms are accessible by Huawei HQ as these systems are hosted by Huawei HQ in China.

	Huawei has a <b>DATA TRANSFER AGREEMENT</b> with Huawei HQ. For a copy of the Data Transfer Agreement, please contact us.
How long will the Personal Data be retained before it is deleted?	This is kept for 36 months from the date the decision to offer employment to the successful candidate is made at which point all of this Personal Data is deleted. Unsuccessful candidates will be given the choice as to whether they wish for their Candidate Profile Data to be retained by Huawei for a further 36 months (so a total of 36 months) in case the particular role becomes vacant again in that time or an alternative role becomes available.
<b>Your rights as a data subject</b>	
As a data subject, you have the following legal rights in relation to your Personal Data.	
<b>Right of Access</b>	You have the right to obtain from Huawei confirmation as to whether or not personal data concerning you is being processed and, where that is the case, access to a copy of the personal data and specific information about how Huawei processes the personal data.
<b>Right of Rectification (Correction)</b>	You have the right to obtain from Huawei the correction of inaccurate personal data concerning you and also the right to have incomplete personal data completed.
<b>Right of Erasure (Deletion)</b>	You have the right to obtain from Huawei the erasure (deletion) of your personal data in particular circumstances.
<b>Right of Restriction</b>	You have the right to obtain from Huawei restriction of processing in particular circumstances.
<b>Right of Objection</b>	You have the right to object to the processing of your personal data in particular circumstances.
<b>Right of Portability</b>	Not applicable
<b>Right to Withdraw Consent</b>	Where the legal basis of processing personal data is based on consent, you have the right to withdraw your consent at any time.
<b>Right to Complain</b>	You have the right to lodge a complaint to the Supervisory Authority.  : <a href="http://www.dataprotection.ro/?page=contact&amp;lang=ro">http://www.dataprotection.ro/?page=contact&amp;lang=ro</a>

<b>Glossary</b>	
<b>Controller</b>	A Controller is an organisation who (alone or jointly with others) determines the purposes and means of the processing of personal data.
<b>Data Transfer Agreement</b>	An agreement containing standard data protection clauses adopted by the European Union Commission as referred to in Article 46(2)(c) of the GDPR.

<b>Data Subject</b>	The identified or identifiable natural person to whom the Personal Data relates.
<b>GDPR</b>	The European Union General Data Protection Regulation (2016/679).
<b>Legal Basis</b>	<p>Processing of Personal Data is only lawful if and to the extent that at least one legal basis specified in the GDPR applies. The available legal bases which are applicable in the employment context are summarised as:</p> <ul style="list-style-type: none"> <li>• consent of the data subject</li> <li>• processing necessary to enter into or perform a contract</li> <li>• necessary for compliance with a legal obligation</li> <li>• processing necessary in order to protect the vital interests of the Data Subject or another natural person</li> <li>• processing necessary for the purposes of the legitimate interests pursued by the Controller or by a third party, except where such interests are overridden by the interests or fundamental rights and freedoms of the Data Subject which require protection of Personal Data (<b>Legitimate Interests</b>).</li> </ul>
<b>Personal Data</b>	Any information relating to an identified or identifiable natural person ( <b>Data Subject</b> ); and identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person.
<b>Process/Processing</b>	Any operation or set of operations which is performed on personal data or on sets of personal data, whether or not by automated means, such as collection, recording, organisation, structuring, storage, adaptation or alteration, retrieval, consultation, use, disclosure by transmission, dissemination or otherwise making available, alignment or combination, restriction, erasure or destruction.
<b>Special Category Personal Data</b>	Personal Data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership, and the processing of genetic data, biometric data for the purpose of uniquely identifying a natural person, data concerning health or data concerning a natural person's sex life or sexual orientation.
